

Where Tradition Meets Taste

Authentic Spices to Make Every Dish Better

The Source of Authentic Flavors

Since 1975, 141 Spice has been one of the leading manufacturers and suppliers of an impeccable range of food products available to our clients. We engage in the utilization of quality ingredients and modern machines, as per the set FDA norms and guidelines. This ensures the product's essence, fragrance, and shelf life.

The range comprises the finest chili, chili seeds, turmeric, cumin seeds, coriander, sago, copra, mustard seed, fenugreek, fennel, and many more, which are widely praised and preferred in the market. Further, the range is known to be marked at a rate, which is one of the best available in the market.

Mission

To provide the customers with the finest, high-quality products, hygienically prepared and competitively priced, live up to their expectations, and develop a symbiotic relationship with suppliers.

Vision

To manufacture and market food products on a sustainable basis, cater to all segments of the society at affordable prices, and increase the intrinsic value for all stakeholders with the highest corporate governance standards.

**100% Natural
and
Handpicked.**

Hygienic

We uphold the highest standards of personal hygiene at every step of our process, ensuring the safety and purity of our ingredients.

High Quality

Validated cleaning and disinfection process.

01

Quality and purity at reasonable prices.

02

We are committed to delivering only the finest quality ingredients, sourced from all over the country.

Why Should Us?

In our quest to offer only the best, we follow a non-compromise approach to each step of our material sourcing and food production process.
